Reasons for Allowance

The following is an examiner's statement of reasons for allowance. The prior art of record does not show or suggest the present nozzle for supplying a pressurized fluid to an extruder die assembly enclosed within an extruder die plate, comprising: a generally tubular body having an inlet section, an outlet section, and a passageway defined therebetween; a first sealing mechanism for forming a seal between said body and an aperture formed in said extruder die plate; a second sealing mechanism for forming a seal between said outlet section and a supply port inlet formed in said extruder die assembly as set forth in claims 1, 8 and 19.

Prior Art Citation

The Vining et al patent is cited to show an apparatus for processing feed stock into a thixotropic state.
